

Hello Genave,

Sure, here is my reference letter.

Description:

I moved my place of residence. I moved out of state. I hired E-Z Movers to move my belongings from Chicago to Iowa City.

The day before the scheduled move, I received a call to let me know they were coming at 8 am. The movers arrived promptly at 8 am. They worked very fast. The truck was loaded and on its way by 9 am. They quickly broke down my furniture and packed it securely.

I was told multiple times that it would take up to 10 days to receive my items. My items arrived on 8th day after the move. They quickly unloaded my items and then reassembled my furniture. They made sure everything was where I wanted it.

All the movers and customer service employees I spoke to were nice and communicative.

I was impressed with the level of professionalism.

I feel like I got my money's worth.

That is what jumps to mind. I hope it is something you can use.

Let me know if it insufficient.

Thanks,  
Andrew Greenberg
