

Dear Sirs,

I was asked to give a recommendation for E-Z Movers and I am happy to oblige.

I used E-Z Movers both through the firm that I work for and for a personal move at the end of April of this year. Every time I have worked with the E-Z Mover group things have gone smoothly and efficiently. Their people are excellent and experienced. They work quickly and are considerate. I would highly recommend them for any move. If you need any further information, please don't hesitate to call me.
