

Hello Genave,

I wanted to say thank you for the services your company provided to me and my wife. We just got married so it was nice to feel no pressure or stress when we moved. I wanted to let you know that it was great referral from a friend - Eve Thompson. Her name was on the original email I sent in. Very glad she referred us to you. I chose this company because of the good things I heard from her.

What I like most about your company was your punctuality and hard work from the crew. I didn't see them really take a break for 4 hours...half of this time included up and down 3 floors of stairs.

Words of advice to other customers considering this company would be that you get great service and its well worth the price.

Words of advice to you give to E-Z Movers would be keep up the great work - if you could take care of the friend who referred us (I think it's \$25) that would be appreciated, as well. Again, thanks so much.

Sincerely,

Justin Lone
